House of Learning - The individualised learning environment

Success for every learning profile

Therefore, ipso! Haus des Lernens and academia International School are partnering up!
Are you looking for an English school that prepares your child in the best way for life?

The House of Learning offers a highly individualized learning environment for students with diverse learning profiles. Based on the IGCSE Curriculum, with possible integration of the Lehrplan 21 according to the German language level, we consolidate trust, create space and provide orientation for English speaking students.

The House of Learning combines the proven concept of ipso! Haus des Lernens and the Lower Secondary / IGCSE / A-levels concept and expertise of academia International School.
